We would like you to note the following item(s) which may affect your tax return. Please discuss these matters with your Tax Advisor prior to completing your tax return.

IMPORTANT ITEMS FOR YOUR ATTENTION

Qualified dividend distributions include dividends paid by most U.S. corporations, American Depositary Receipts (ADR), select foreign securities, mutual funds, REITs and UITs. An amount shown on Line 1b of Form 1099-DIV as a qualified dividend indicates that the dividend is qualified at the issuer level. Please consult your tax advisor to determine the holding period for your specific investments and whether you meet the requirements for qualified dividend treatment.

Merrill is only required to revise 1099 tax reporting statements when a change results in an individual tax form impact that is greater than \$100. If your impact does not meet this threshold, you will not receive a revised tax statement. If you would like to receive a revised tax statement regardless of the dollar impact, contact your advisor to opt out of automatic suppression.

To view additional tax resources available online, please visit our Tax Center on MyMerrill.com or MerrillEdge.com.

Form 1099-DIV includes Line 2e Section 897 ordinary dividends (portion of the amount reported in line 1a) and 2f Section 897 Capital Gain (portion of the amount reported in line 2a). This information applies to foreign persons and entities. Please consult your tax advisor for more information.

California residents be advised that payers are required to report to the California Franchise Tax Board (FTB) dividends and interest earned on tax-exempt non-California municipal bonds held directly or through mutual funds, money market funds, or unit investment trusts.

2025 TAX REPORTING STATEMENT

The following sections are provided to facilitate your review and the preparation of your tax return

The 2025 Proceeds from Broker and Barter Exchange Transactions section includes both sales of positions for covered securities and noncovered securities. A covered security includes securities when the purchase date of the security occurred within the following timeline: Equities acquired on or after January 1, 2011; Mutual Funds acquired on or after January 1, 2012; Option Transactions and less complex debt securities acquired on or after January 1, 2014; and more complex debt securities and options issued as part of a debt instrument acquired on or after January 1, 2016. Legislation requires reporting the gross proceeds of the sales of covered and noncovered securities and the adjusted cost basis for covered securities. Any sale of a security that is considered a noncovered security will still be included in this section with the adjusted cost basis (where available) but the adjusted basis will not be transmitted to the IRS.

In calculating gain (loss) unless otherwise noted, it was assumed that the oldest position was liquidated first and that you have made an election to amortize the premium paid on the purchase of taxable bonds. Under the Cost Basis Reporting Regulations, brokers need not track wash sale activity for substantially identical securities transactions across accounts or between covered and noncovered securities. However, you as a taxpayer still have to track and report wash sales as you have in the past which would include all of the aforementioned transaction types. Securities distributed from a retirement account reflect the tax basis on the date of distribution. Other methods for calculating gain (loss) are available. The cost basis for most Original Issue Discount (OID) obligations includes the accretion of OID.

This is important tax information and is being furnished to the Internal Revenue Service. If you are required to file a return, a negligence penalty or other sanction may be imposed on you if this income is taxable and the IRS determines that it has not been reported.

If you are a large trader and have completed a Form 13H, you will receive an LTID from the SEC. In order to ensure that LTIDs are captured and reported as required under the SEC rule, you are required to promptly report your LTID to JPMS and identify each account to which the LTID should be applied. For more information regarding your Large Trader reporting obligations, please contact your advisor or call the phone number on this statement.

STATEMENT SUMMARY	MANAGED	IMPORTANT INFORMATION

Messages (continued)**PAYMENT FOR ORDER FLOW**

JPMS does not receive payment for order flow from market makers for customer orders in equity securities. JPMS receives rebates from and pays fees to some registered securities exchanges for providing or taking liquidity on those exchanges according to those exchanges published fee schedules approved by the SEC. Alternative trading systems also charge fees and in some cases pay rebates for the provision or removal of liquidity. In addition, JPMS receives marketing fees from options exchanges under marketing fee programs sponsored by some exchanges. Under some circumstances, the amount received by JPMS from a trading center over a period of time may exceed the amount that JPMS is charged by a trading center. These practices are one of many factors that may impact routing decisions and do not alter JPMS policy to route customer orders in securities to the trading centers where it believes customers will receive the best execution, taking into account, among other factors, price, transaction cost, volatility, reliability, market depth, and speed.

Affiliates of JPMS have ownership interests in some trading centers. Accordingly, JPMS stands to share in any profits that these trading centers earn from the execution of JPMS customer orders on those trading centers. Additional information on the material aspects of JPMS relationships with the primary trading centers to which JPMS routes, including descriptions of arrangements for payment for order flow and profit sharing relationships, is available in JPMS SEC Rule 606 reports at <https://www.jpmorgan.com/disclosures/sec-order-execution>.

INACTIVE, ABANDONED OR UNCLAIMED ACCOUNTS

Under state Unclaimed Property Laws, if no activity occurs within your account for a period of years (as defined by your state of residence) or if your account statement is returned to us as undeliverable, your account will be considered inactive. If no action is taken by you, your account may be deemed unclaimed or abandoned, and a process called escheatment may occur in which we are legally required to transfer your account over to the state. If your account is escheated, you will have to file a claim with the state to get your assets back (some states sell the assets so you may only be entitled to the proceeds of the sale). To avoid escheatment, please review your terms and conditions or your agreement on actions to take to ensure your account remains active and keep your contact information updated.

BUSINESS RECOVERY AND CONTINUITY

JPMS maintains a business recovery and continuity plan (BCP) including alternate processing and data centers which will allow us to resume normal business operations including relocating technology and personnel to alternate facilities within 24 hours in the event of an extended business disruption. The recovery time objective is 24 hours. The plan is reviewed annually, tested throughout the year, and updated as necessary. Investors will be able to obtain information about their accounts at their local Chase branch by contacting their advisor, by contacting JPMS at the phone number listed on the front of this statement, or by visiting www.chase.com. A summary of JPMS BCP can be mailed to you upon request or viewed at <https://www.jpmorgan.com/disclosures>. Every effort will be made to provide investors with timely and accurate information.

EDELIVERED TRADE CONFIRMATIONS

As a reminder, if you've elected to receive trade confirmations by electronic delivery, you can find current and past copies online in the Trade Confirmations section under Statements & Documents. You can also find disclosures and important information about those trades via a link on that page titled "See important disclosures for your confirmations."

CUSTOMER FREE CREDIT BALANCES

For accounts that are held at JPMS, customer free credit balances may be used in this firm's business subject to the limitation of 17CFR Section 240.15c3-3 under the Securities Exchange Act of 1934. You have the right to receive from us in the course of normal business operation, upon demand, the delivery of

- any free credit balances to which you are entitled
- any fully paid securities to which you are entitled
- any securities purchased on margin upon full payment of any indebtedness to us

For clients enrolled in a sweep program, the balance in any bank deposit account or shares of any money market mutual fund in which you have a beneficial interest can be withdrawn or liquidated on your order and the proceeds returned to your securities account or remitted to you.

If this is a margin account and we maintain a special memorandum account for you, this is a combined statement of your general account and a special memorandum account maintained for you under Section 220.6 of Regulation T issued by the Board of Governors of the Federal Reserve System. The permanent record of this separate account, as required by Regulation T, is available for your inspection.

Unless we hear from you to the contrary, it is our understanding that any free credit balances in your account are being maintained to facilitate your intention to invest such amounts through us.

Messages (continued)**IMPORTANT INFORMATION ABOUT YOUR INVESTMENTS AND POTENTIAL CONFLICTS OF INTEREST APPLICABLE TO YOUR MANAGED INVESTMENT ACCOUNT(S)**

Conflicts of interest will arise whenever J P Morgan has an actual or perceived economic or other incentive in its management of our clients' accounts to act in a way that benefits J P Morgan. Conflicts will result for example (to the extent the following activities are permitted in the account) (1) when J P Morgan invests in an investment product such as a mutual fund, structured product, separately managed account or hedge fund issued or managed by J P Morgan (2) when a J P Morgan entity obtains services including trade execution and trade clearing from a J P Morgan affiliate (3) when J P Morgan receives payment as a result of purchasing an investment product for a Client's account or (4) when J P Morgan receives payment for providing services (including shareholder servicing, record keeping or custody) with respect to investment products purchased for the Client's account. Other conflicts will result because of relationships that J P Morgan has with other clients or when J P Morgan acts for their own account.

Investment strategies are selected from both J P Morgan and third party asset managers and are subject to a review process by our manager research teams. From this pool of strategies, J P Morgan portfolio construction teams select those investment strategies J P Morgan believes fit its asset allocation goals and forward looking views in order to meet the investment objective of the investment strategy or portfolio. As a general matter, we prefer J P Morgan managed strategies. We expect the proportion of J P Morgan managed strategies will be high (in fact up to 100 percent) in strategies such as, for example, cash and high-quality fixed income, subject to applicable law and any account specific considerations. J P Morgan may allocate a significant portion of the assets in the Program to J P Morgan Affiliated Funds. That portion varies depending on market or other conditions.

While J P Morgan's internally managed strategies generally align well with our forward looking views, and J P Morgan is familiar with the investment processes as well as the risk and compliance philosophy of the firm, it is important to note that J P Morgan receives more overall fees when internally managed investment strategies are included. J P Morgan offers the option of choosing to exclude J P Morgan managed strategies (other than cash and liquidity products) in certain portfolios.

The Six Circles Funds are mutual funds managed by J P Morgan and sub-advised by third parties. Although considered internally managed strategies, J P Morgan does not retain a fee for fund management or other fund services.

MARGIN ACCOUNT REMINDERS AND RISKS DISCLOSURES

If you own a margin account, please note:

Securities and other assets in your account are our collateral for any margin loan made to you. If the securities and other assets in your account decline in value, so does the value of the collateral supporting your loan, and as a result, we can take action, such as issue a margin call and/or sell securities or other assets in any of your accounts held at JPMS to maintain the required equity in your account. It is important that you fully understand the risks involved in trading securities on margin. These risks include the following:

- o You can lose more funds than you deposit in your margin account.
- o We can force the sale of securities or other assets in your account(s).
- o We can sell your securities or other assets without contacting you.
- o You are not entitled to choose which securities or other assets in your account(s) are liquidated or sold to meet a margin call.
- o We can increase our house maintenance margin requirements at any time and are not required to provide you with advance written notice.
- o You are not entitled to an extension of time on a margin call.

If you have a margin account with us, as permitted by law, we may use certain securities in your account for, among other things, settling short sales and lending the securities for short sales, and as a result, we may receive compensation. If you carry a margin balance, your account statement will reflect the current annual interest rate applicable to your margin loan. Please review the current rate as under certain circumstances the rate may change without advance notice. If you have any questions or concerns about your current interest rate, please speak to your advisor or call the phone number on the front of your statement.

If you are a customer with a margin account, you have consented to our right (to the extent permitted by applicable law) to use, lend or pledge any securities held by JPMS in your margin account. In certain circumstances, such loans or other use may limit, in whole or in part, your ability to receive dividends directly from the issuing company and/or your right to exercise voting and other attendant rights of ownership with respect to the loaned, sold or pledged securities. Such circumstances include, but are not limited to, loans of securities that you own in your margin account that continue over record dates for voting purposes and ex-dividend dates for dividend distributions. If you do not receive dividends directly from the issuing company, you may receive payments-in lieu of dividends, which could cause you to lose the benefit of the preferential tax treatment accorded to dividends.

TRADING AWAY AND ASSOCIATED COSTS

If Portfolio Managers select broker-dealers other than JPMS or its affiliates to place trades, which is known as "trading away," you may incur trading costs in addition to the advisory fee charged by JPMS. Incurred trading away costs will not be identified separately on your account statement because they are incorporated into the net price of the trade. Please note that fixed income securities are primarily traded away. More information on trading away, including summary trading away information for Portfolio Managers, is available in the Trading Practices Disclosures for Wrap Fee Programs document at

chase.com/managed-account-disclosures

IMPORTANT INFORMATION ABOUT AUTOMATIC REINVESTMENTS

Automatic Reinvestment transactions excluding those conducted by DTC or in open ended mutual funds are processed by J P Morgan Securities LLC (JPMS) on an agency basis

JPMS provides you with the ability to enroll in a program to re invest any and all dividend capital gains and return of capital distributions (collectively Distributions) for securities eligible for participation (the Program). By participating in the Program all dividends and capital gains distributions paid on eligible accounts or individual securities you have selected will automatically be reinvested into the shares of the same security. The important terms of the Program include

Voluntary Participation Participation in the Program is voluntary and you may modify or discontinue your participation at any time. You may enroll by specifying individual securities or have all eligible securities in your account participate in the Program, modify your elections, or unenroll from the Program through the website or by contacting your PCA or FA.

Trade Execution With the exception of open ended mutual funds, provided you are enrolled in the Program prior to the record date, JPMS reinvests the Distributions from an eligible security on the pay date of the Distribution at an average weighted price. For certain securities, reinvestment may occur through the Depository Trust Company (DTC), which may be later than the pay date. There may be a difference in price depending on whether the Program trade is made through J P Morgan or DTC. These transactions will post to your account when the shares are made available to JPMS by DTC and will be reflected on your statement.

No Fees No commission or fee are charged for Program trades.

Fractional Shares JPMS will credit to your account the number of shares equal to the amount of your funds to be reinvested in a particular security divided by the purchase price per share. If made available for your account, participation in the Program may give you interests in fractional shares of securities, which JPMS calculates to five decimal places. You will receive dividend payments proportionate to your partial share holdings.

Confirmation of Transactions All Program trades will be reflected on monthly account statements. You will not receive separate immediate confirmations for Program trades. You may request the details of any Program trade by contacting JPMS. Transactions that are not part of the Program will continue to receive confirmations contemporaneously with the trade.

No Recommendation The inclusion of any security in the Program is not a recommendation by JPMS to buy, hold or sell such security. Participation in the Program does not assure profits on your investments and does not protect against loss in declining markets.

Eligibility Generally, all brokerage accounts are eligible for participation as are most equities, open ended mutual funds, closed end funds and ETFs. Any exclusions will be identified at the time you are enrolled.

Program Changes Program participants will be notified in advance if there are any material changes to the Program though no notice may be given if there are changes to the eligibility of any particular security.

Messages (continued)**ADVISORY AND PORTFOLIO MANAGER FEES**

The Advisory Fee is an annualized asset based fee where the rate is determined according to a tiered Advisory Fee schedule. The Advisory Fee covers investment management, trade execution, custody, and performance reporting services. The Advisory Fee for Advisory Program, Chase Strategic Portfolio, Fixed Income Advisory Program, J P Morgan Core Advisory Portfolio, J P Morgan Personal Advisors Program, and Mutual Fund Advisory Portfolio accounts will be calculated and payable monthly in arrears based upon the market value of all assets including cash held in account(s) on the last business day of the prior month. The Advisory Fee for J P Morgan Managed Investment Services Program accounts will be calculated and payable monthly in arrears based upon the average daily balance during the billing period. Changes in the value of the account(s) in your Relationship Pricing Group will result in fluctuations in the Advisory Fee charged from month to month.

The Manager Fee is an annualized asset based fee that covers the portfolio management services provided by Managers and could reflect a Portfolio Manager Fee or a Model Manager Fee. The Manager Fee(s) is in addition to the Advisory Fee and varies depending on the Manager(s) and the Investment Strategy.

ESTIMATED ACCRUED INCOME ESTIMATED ANNUAL INCOME AND ESTIMATED YIELD CALCULATIONS The following calculation descriptions are provided for your reference Please note that other factors may affect your specific calculations so if you would like more information please contact your J P Morgan representative or call us at the number on the front of this statement In general **Estimated Accrued Income** is calculated by multiplying the current coupon rate with the current face amount for the number of days since the bond's last interest payment **Estimated Annual Income (EAI)** is calculated by multiplying either the current coupon rate or an estimated annual dividend (generally calculated by annualizing the most recent regular cash dividend) by the quantity of the security held For balances other than sweep program balances **Estimated Yield (EY)** is calculated by dividing EAI by the market value of the security You should also know that (i) the figures shown in this statement are estimates based on mathematical calculations using data obtained from outside sources they are provided for informational purposes only and are not a projection or guarantee of future returns (ii) because prices of securities coupon and dividend rates are subject to change at any time these estimates should not be relied upon exclusively for making investment trading or tax decisions (iii) because different asset types (e.g. equities versus fixed income securities) tend to have different investment characteristics these estimates should not be compared across asset types (iv) EAI and EY for certain types of securities might include return of principal or capital gains in which case the EAI and EY would be overstated There is no guarantee that your investments will actually generate the EAI or EY presented and your actual income and yield might be higher or lower

AUCTION RATE SECURITIES (ARS) ARS are debt or preferred securities with an interest or dividend rate reset periodically in an auction Although there may be daily weekly and monthly resets there is no guarantee that there will be liquidity If there are not enough bids at an auction to redeem the securities available for sale the result may be a failed auction In the event of a failed auction there is no assurance that a secondary market will develop or that the security will trade at par or any other price reflected on statements and online Accordingly investors should not rely on pricing information

or questions please contact us using the information provided on the front of this statement

appearing in their statements or online with respect to ARS. When JPMS is unable to obtain a price from an internal or outside source for a particular ARS, the price column on your statement will indicate unpriced. JPMS ARS policies and procedures are available upon request or at <https://www.jpmorgan.com/disclosures/fixedincome-muniars>.

VALUATIONS OF OVER-THE-COUNTER DERIVATIVE TRANSACTIONS Valuations of over the counter derivative transactions, including certain derivatives-related deposit products, have been prepared on a mid market basis. These valuations are sourced from the various issuers of the securities, affiliates or they are sourced from a third party valuation provider. J.P. Morgan expressly disclaims any responsibility for (1) the accuracy of the models or estimates used in deriving the valuations, (2) any errors or omissions in computing or disseminating the valuations, and (3) any uses to which the valuations are put. Valuations are provided for information purposes only and are intended solely for your own use. Please refer to the trade confirmation for details of each transaction.

UNPRICED SECURITIES When we are unable to obtain a current value from an internal or outside source for a particular security, the price column on your statement will indicate Unpriced. Although such securities may have value, please note that the value of a security indicated as Unpriced will not be included in your overall current market value as reflected on the statement.

RESTRICTED SECURITIES Restricted Securities (typically noted as Restricted or RSTD in the security description) have not been registered under the Securities Act of 1933 and may not be freely traded. Since restricted securities are subject to certain restrictions which may render them illiquid or less liquid than freely tradable shares, there can be no assurance a secondary market exists. While we typically use the value of the registered/unrestricted security of the same issuer and same class for statement (and other) reporting purposes, the price realizable in a sale of the securities may be less than the Market Value indicated and could be zero. No attempt has been made to independently value the specific security subject to its restriction. Additionally, inclusion of pricing of these holdings will result in the aggregated value of your portfolio as reflected on this report being overstated by an amount equal to the difference (if any) between the value of the freely traded underlying security and the actual value of your restricted shares. For additional information on pricing, please see the Market Prices paragraph above.

THIRD PARTY INFORMATION This statement contains (i) information obtained from multiple direct, indirect, affiliated, unaffiliated, public and proprietary data sources (including, but not limited to, identifying information, market data, calculated data, reference data, valuations, ratings, coupon and dividend rates and other fundamental data) and (ii) information which is calculated based upon such information (including, but not limited to, market values, Current Yield and Estimated annual income). INSTRUCTIONS FOR RECIPIENTS OF FORM 1099 1099 INT Interest Income

The information provided may be different for covered and noncovered securities. For a description of covered securities, see the Instructions for Form 8949. For a taxable covered security acquired at a premium, unless you notified the payer in writing in accordance with Regulations section 1.6045-1(n)(5) that you did not want to amortize the premium under section 171, or for a tax-exempt covered security acquired at a premium, your payer generally must report either (1) a net amount of interest that reflects the offset of the amount of interest paid to you by the amount of premium amortization allocable to the payment(s), or (2) a gross amount for both the interest paid to you and the premium amortization allocable to the payment(s). If you did notify your payer that you did not want to amortize the premium on a taxable covered security, then your payer will only report the gross amount of interest paid to you. For a noncovered security acquired at a premium, your payer is only required to report the gross amount of interest paid to you.

Recipient's taxpayer identification number (TIN). For your protection, this form may show only the last four digits of your TIN (social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN)). However, the issuer has reported your complete TIN to the IRS.

FATCA filing requirement. If the FATCA filing requirement box is checked, the payer is reporting on this Form 1099 to satisfy its chapter 4 account reporting requirement. You also may have a filing requirement. See the Instructions for Form 8938.

Account number. May show an account or other unique number the payer assigned to distinguish your account.

Box 1 Shows taxable interest paid to you during the calendar year by the payer. This does not include interest shown in box 3. May also show the total amount of the credits from clean renewable energy bonds, new clean renewable energy bonds, qualified energy conservation bonds, qualified zone academy bonds, qualified school construction bonds, and build America bonds that must be included in your interest income. These amounts were treated as paid to you during the calendar year on the credit allowance dates (March 15, June 15, September 15, and December 15). For more information, see Form 8912. See the instructions above for a taxable covered security acquired at a premium.

Box 3 Shows interest on U.S. Savings Bonds, Treasury bills, Treasury bonds, and Treasury notes. This may or may not all be taxable. See Pub. 550. This interest is exempt from state and local income taxes. This interest is not included in box 1. See the instructions above for a taxable covered security acquired at a premium.

Box 4 Shows backup withholding. Generally, a payer must backup withhold if you did not furnish your TIN or you did not furnish the correct TIN to the payer. See Form W-9. Include this amount on your income tax return as tax withheld.

Box 5 Any amount shown is your share of investment expenses of a single class REMIC. This amount is included in box 1. Note: This amount is not deductible.

Box 6 Shows foreign tax paid. You may be able to claim this tax as a deduction or a credit on your Form 1040 or 1040-SR. See your tax return instructions.

Box 7 Shows the country or U.S. territory to which the foreign tax was paid.

Box 8 Shows tax-exempt interest paid to you during the calendar year by the payer. See how to report this amount in the Instructions for Form 1040. This amount may be subject to backup withholding. See Box 4 above. See the instructions above for a tax-exempt covered security acquired at a premium.

Box 9 Shows tax-exempt interest subject to the alternative minimum tax. This amount is included in box 8. See the Instructions for Form 6251. See the instructions above for a tax-exempt covered security acquired at a premium.

Box 10 For a taxable or tax-exempt covered security, if you made an election under section 1278(b) to include market discount in income as it accrues and you notified your payer of the election in writing in accordance with Regulations section 1.6045-1(n)(5), shows the market discount that accrued on the debt instrument during the year while held by you, unless it was reported on Form 1099 OID. For a taxable or tax-exempt covered security acquired on or after January 1, 2015, accrued market discount will be calculated on a constant yield basis unless you notified your payer in writing in accordance with Regulations section 1.6045-1(n)(5) that you did not want to make a constant yield election for market discount under section 1276(b). Report the accrued market discount on your income tax return as directed in the Instructions for Form 1040. Market discount on a tax-exempt security is includible in taxable income as interest income.

Box 11 For a taxable covered security (other than a U.S. Treasury obligation), shows the amount of premium amortization allocable to the interest payment(s), unless you notified the payer in writing in accordance with Regulations section 1.6045-1(n)(5) that you did not want to amortize bond premium under section 171. If an amount is reported in this box, see the Instructions for Schedule B (Form 1040) to determine the net amount of interest includible in income on Form 1040 or 1040-SR with respect to the security. If an amount is not reported in this box for a taxable covered security acquired at a premium and the payer is reporting premium amortization, the payer has reported a net amount of interest in box 1. If the amount in box 11 is greater than the amount of interest paid on the covered security, see Regulations section 1.171-2(a)(4).

Box 12 For a U.S. Treasury obligation that is a covered security, shows the amount of premium amortization allocable to the interest payment(s), unless you notified the payer in writing in accordance with Regulations section 1.6045-1(n)(5) that you did not want to amortize bond premium under section 171. If an amount is reported in this box, see the Instructions for Schedule B (Form 1040) to determine the net amount of interest includible in income on Form 1040 or 1040-SR with respect to the U.S. Treasury obligation. If an amount is not reported in this box for a U.S. Treasury obligation that is a covered security acquired at a premium and the payer is reporting premium amortization, the payer has reported a net amount of interest in box 3. If the amount in box 12 is greater than the amount of interest paid on the U.S. Treasury obligation, see Regulations section 1.171-2(a)(4).

Box 13 For a tax-exempt covered security, shows the amount of premium amortization allocable to the interest payment(s). If an amount is reported in this box, see Pub. 550 to determine the net amount of tax-exempt interest reportable on Form 1040 or 1040-SR. If an amount is not reported in this box for a tax-exempt covered security acquired at a premium, the payer has reported a net amount of interest in box 8 or 9, whichever is applicable. If the amount in box 13 is greater than the amount of interest paid on the tax-exempt covered security, the excess is a nondeductible loss. See Regulations section 1.171-2(a)(4)(ii).

Box 14 Shows CUSIP number(s) for tax-exempt bond(s) on which tax-exempt interest was paid or tax credit bond(s) on which taxable interest was paid or tax credit was allowed to you during the calendar year. If blank, no CUSIP number was issued for the bond(s).

Boxes 15-17 State tax withheld reporting boxes.

Complete a Form 1099 INT for each of the other owners showing the income allocable to each. File Copy A of the form with the IRS. Furnish Copy B to each owner. INSTRUCTIONS FOR RECIPIENTS OF FORM 1099 1099 B Proceeds from Broker Transactions

Brokers and barter exchanges must report proceeds from (and in some cases basis for) transactions to you and the IRS on Form 1099 B. Reporting is also required when your broker knows or has reason to know that a corporation in which you own stock has had a reportable change in control or capital structure. You may be required to recognize gain from the receipt of cash, stock, or other property that was exchanged for the corporation's stock. If your broker reported this type of transaction to you, the corporation is identified in box 1a.

Recipient's taxpayer identification number (TIN). For your protection, this form may show only the last four digits of your TIN (social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN)). However, the issuer has reported your complete TIN to the IRS.

Account number. May show an account or other unique number the payer assigned to distinguish your account.

CUSIP number. Shows the CUSIP (Committee on Uniform Security Identification Procedures) number or other applicable identifying number.

FATCA filing requirement. If the FATCA filing requirement box is checked, the payer is reporting on this Form 1099 to satisfy its account reporting requirement under chapter 4 of the Internal Revenue code. You may also have a filing requirement. See the Instructions for Form 8938.

Applicable checkbox on Form 8949. Indicates where to report this transaction on Form 8949 and Schedule D (Form 1040) and which checkbox is applicable. See the instructions for your Schedule D (Form 1040) and/or Form 8949.

Box 1a. Shows a brief description of the item or service for which amounts are being reported. For a corporation that had a reportable change in control or capital structure, this box may show the class of stock as C (common), P (preferred), or O (other).

Box 1b. This box may be blank if box 5 is checked or if the securities sold were acquired on a variety of dates. For short sales, the date shown is the date you acquired the security delivered to close the short sale.

Box 1c. Shows the trade date of the sale or exchange. For short sales, the date shown is the date the security was delivered to close the short sale. For aggregate reporting in boxes 8 through 11, no entry will be present.

Box 1d. Shows the cash proceeds, reduced by any commissions or transfer taxes related to the sale, for transactions involving stocks, debt, commodities, forward contracts, non-Section 1256 option contracts, or securities futures contracts. May show the proceeds from the disposition of your interest(s) in a widely held fixed investment trust. May also show the aggregate amount of cash and the fair market value of any stock or other property received in a reportable change in control or capital structure arising from the corporate transfer of property to a foreign corporation. Losses on forward contracts or non-Section 1256 option contracts are shown in parentheses. This box does not include proceeds from regulated futures contracts or Section 1256 option contracts. Report this amount on Form 8949 or on Schedule D (Form 1040) (whichever is applicable) as explained in the Instructions for Schedule D (Form 1040).

Box 1e. Shows the cost or other basis of securities sold. If the securities were acquired through the exercise of a noncompensatory option granted or acquired on or after January 1, 2014, the basis has been adjusted to reflect your option premium. If the securities were acquired through the exercise of a noncompensatory option granted or acquired before January 1, 2014, your broker is permitted, but not required, to adjust the basis to

reflect your option premium. If the securities were acquired through the exercise of a compensatory option, the basis has not been adjusted to include any amount related to the option that was reported to you on a Form W-2. If box 5 is checked, box 1e may be blank. See the Instructions for Form 8949, Instructions for Schedule D (Form 1040), or Pub. 550 for details.

Box 1f. Shows the amount of accrued market discount. For details on market discount, see the Schedule D (Form 1040) instructions, the Instructions for Form 8949, and Pub. 550. If box 5 is checked, box 1f may be blank.

Box 1g. Shows the amount of nondeductible loss in a wash sale transaction. For details on wash sales, see the Schedule D (Form 1040) instructions, the Instructions for Form 8949, and Pub. 550. If box 5 is checked, box 1g may be blank.

Box 2. The short term and long term boxes pertain to short term gain or loss and long term gain or loss. If the Ordinary box is checked, your security may be subject to special rules. For example, gain on a contingent payment debt instrument subject to the noncontingent bond method is generally treated as ordinary interest income rather than as capital gain. See the Instructions for Form 8949, Pub. 550, or Pub. 1212 for more details on whether there are any special rules or adjustments that might apply to your security. If box 5 is checked, box 2 may be blank.

Box 3. If checked, proceeds are from a transaction involving collectibles or from a Qualified Opportunity Fund (QOF).

Box 4. Shows backup withholding. Generally, a payer must backup withhold if you did not furnish your TIN to the payer. See Form W-9 for information on backup withholding. Include this amount on your income tax return as tax withheld.

Box 5. If checked, the securities sold were noncovered securities and boxes 1b, 1e, 1f, 1g, and 2 may be blank. Generally, a noncovered security means (a) stock purchased before 2011, (b) stock in most mutual funds purchased before 2012, (c) stock purchased in or transferred to a dividend reinvestment plan before 2012, (d) debt acquired before 2014, (e) options granted or acquired before 2014, and (f) securities futures contracts executed before 2014.

Box 6. If the exercise of a noncompensatory option resulted in a sale of a security, a checked net proceeds box indicates whether the amount in box 1d was adjusted for option premium.

Box 7. If checked, you cannot take a loss on your tax return based on gross proceeds from a reportable change in control or capital structure reported in box 1d. See the Form 8949 and Schedule D (Form 1040) instructions. The broker should advise you of any losses on a separate statement.

Box 12. If checked, the basis in box 1e has been reported to the IRS and either the short term or the long term gain or loss box in box 2 will be checked. If box 12 is checked on Form(s) 1099-B and NO adjustment is required, see the instructions for your Schedule D (Form 1040) as you may be able to report your transaction directly on Schedule D (Form 1040). If the Ordinary box in box 2 is checked, an adjustment may be required.

Boxes 14-16. Show state(s)/local income tax information.

Notes for Your Realized Gain or (Loss)

Schwab has provided realized gain and loss information whenever possible for most investments. Cost basis data may be incomplete or unavailable for some of your holdings. See Terms and Conditions.

When value for the report is unavailable, it is noted as follows: Missing or Not Provided.

Not Provided Schwab is not providing Cost Basis on this security type.

Missing Cost Basis may be missing due to one of the following reasons:
Cost basis data may not be available for a number of reasons (for example, the security was purchased outside of Schwab and we did not receive cost basis from the transferring firm).
The security was purchased more than 10 years ago.

Date Acquired If the cost basis is missing or not provided, a short term holding period may have been applied for a position that may have been held long term.

Total Proceeds The amount displayed in this column has been adjusted for option premiums, if applicable.

Cost Basis The amount displayed in this column may differ from your original cost basis as adjustments may have been made to reflect applicable option premiums, corporate actions and/or wash sales.

Wash Sale Loss Disallowed The disallowed amount displayed in this column has been added to the cost basis of other share lots with the same CUSIP owned in the same account at the time the loss was disallowed.

Realized Gain or (Loss) The calculation for gain or (loss) displayed in this column is: Total Proceeds - Cost Basis + Wash Sale Loss Disallowed - Market Discount = Realized Gain or (Loss).

For sales of short term debt issued after January 1, 2014, talk to your tax advisor as to how to report the income.

**TAX YEAR 2025
FORM 1099 COMPOSITE
& YEAR-END SUMMARY**

Date Prepared February 6, 2026

TERMS AND CONDITIONS

GENERAL INFORMATION

Form 1099-Composite

For U.S. taxpayers, the information reported to you on Form 1099 is given to the Internal Revenue Service (IRS). Form 1099 Composite is comprised of the following substitute forms: 1099-DIV, 1099-INT, 1099-MISC, 1099-OID, and 1099-B. The form(s) you receive in Form 1099 Composite depends on the income reportable to the IRS.

Year End Summary

The information in the Year End Summary is provided to you as a courtesy. Should you need additional information when completing your tax return, when relevant IRS box numbers are referenced to indicate individual items that make up the totals appearing on your Form(s) 1099. With the exception of the totals reported in the IRS box numbers referenced, Charles Schwab does not provide the details of the Year End Summary to the IRS.

We recommend that all customers consult their investment and tax advisors prior to using this information.

Corrected Form 1099 and Year End Summary

We are required to send you a corrected form with the revisions clearly marked when we receive updates or revisions to information contained in the form. This generally occurs if one or more of the issuers of the securities in your account reallocated certain income distribution (e.g., dividends or capital gains) after we mailed your original Form 1099. As a result, the supplemental information in Year End Summary may be updated.

Upon receiving a corrected form, you may want to consider filing an amended return based on the changes in your taxable income as reported on your corrected Form 1099. We suggest that you consult with a qualified tax advisor, CPA, financial planner, or investment manager before you proceed.

Duplicate Form 1099 and Year End Summary

If you request a duplicate Form 1099, please be aware that Schwab uses the most up-to-date information available at the time of the production. Thus, your duplicate Form 1099 and Year End Summary may have more up-to-date information than the original Form 1099.

Realized Gain or (Loss) in Year End Summary

The Realized Gain or (Loss) section provides information for all your realized gain or (loss) transactions during the tax year. It contains all transactions included in the Form 1099-B as well as transactions that are not reported on Form 1099-B (for example, sales and expirations of noncovered option activities, cash in lieu under \$20, bankruptcy, and worthless securities). This supplemental information is believed to be accurate as of the date the data was compiled but they may not be updated for any corrections after the data was initially compiled.

IN CASE OF QUESTIONS If you have questions about this report or about specific Schwab accounts or Schwab One transactions (other than wire transfers or check transactions), contact Schwab at 1-800-435-4000.
